

INTRODUCTION

BS Information Technology student (7th semester) with hands-on experience in Flutter, Python, Go, Node.js, PHP, and OpenCV. Completed remote internships in Flutter Mobile App Development and Artificial Intelligence & Machine Learning at Big Brains, building real-world projects including a deployed ML model and a complete Flutter shopping app. Focused on AI-powered web and mobile application development, with practical exposure to computer vision, REST APIs, and cloud tools (Git/GitHub, Docker, AWS basics). Seeking an internship where I can apply my skills in AI-assisted software development and contribute to real-world web/mobile projects.

EXPERIENCE

FLUTTER & MOBILE APP DEVELOPMENT INTERN | BIG BRAINS LEARNING

Aug 2026 - Sep 2026 (Remote)

- Completed a 30-day remote Flutter internship covering Dart, UI/UX, and mobile app fundamentals.
- Built a complete Flutter app (Bloomé - flower bouquet shopping app) with browsing, cart, checkout, and payment screens.
- Used GetX, MVC architecture, Firebase Auth & Firestore, and REST API integration.
- Received a Certificate of Completion.

ARTIFICIAL INTELLIGENCE & MACHINE LEARNING INTERN | BIG BRAINS

Aug 2026 - Sep 2026 (Remote)

- Completed a 30-day AI/ML internship with a 97% score and Letter of Recommendation.
- Applied core ML concepts and implemented classification algorithms (Logistic Regression, KNN, SVM, Decision Trees, Random Forest).
- Built and deployed an end-to-end ML project (Loan Approval Prediction) - data cleaning, EDA, training, and deployment.
- Tech stack: Python, Pandas, NumPy, Scikit-learn, Streamlit; published on GitHub.

PROJECTS

BLOOMÉ - FLOWER BOUQUET SHOPPING APP | FLUTTER

Repo: github.com/maheenawan-dev/bloome-flower-bouquet-app.git

- Developed a mobile shopping application using Flutter with product browsing and bouquet details.
- Implemented cart, checkout, quantity management, and product selection features.
- Designed responsive UI with navigation, theme management, and customized user interactions.

TODO APP | FLUTTER, DART

Repo: github.com/maheenawan-dev/flutter-todo-app.git

- Developed a task management application using Flutter and Dart.
- Implemented task creation, management, and user-friendly UI interactions.
- Practiced Flutter navigation, state management, and application development.

NODE.JS REST API | NODE.JS, JAVASCRIPT

Repo: github.com/maheenawan-dev/day27-nodejs-rest-api.git

- Developed a REST API using Node.js and Express.
- Implemented API endpoints and backend request handling.
- Tested and managed API functionality during development.

TRAVEL AGENCY WEBSITE | HTML, CSS, WEB DEVELOPMENT

Repo: github.com/maheenawan-dev/Travel-site.git

- Developed a web-based travel agency website using HTML, CSS and PHP.
- Designed user-friendly web pages and implemented interactive website features.
- Practiced web development workflow and AI-assisted development.

AI FACE MASK DETECTION | PYTHON, OPENCV

Repo: github.com/maheenawan-dev/AlFaceMaskDetection.git

- Developed an AI-based face mask detection system using CNN and OpenCV.
- Applied computer vision and image processing techniques for mask detection.
- Tested the system using image/video input and evaluated detection results.

MINI GAME HUB | SOFTWARE DEVELOPMENT

Repo: github.com/MuhammadZohaib05/OSSD-Project.git

- Developed a small game hub with interactive gameplay features.
- Applied programming logic and user interaction concepts.

EDUCATION

2023-2027	2022-2023	2020-2021
BS INFORMATION TECHNOLOGY	FSC (PRE-ENGINEERING)	MATRICSCIENCE (BIOLOGY GROUP)
Currently in 7th Semester	Ideal College of Science	O.P.F Public School

SKILLS

PROGRAMMING LANGUAGES - Python , Go - Dart - JavaScript	CLOUD & DEVOPS - AWS (Basics) - Git & GitHub - Docker	FRAMEWORKS / TOOLS - Flutter - GetX - VS Code	BACKEND / APIS - REST API Fundamentals - Backend Development - API Integration , Node.js - SQL, MySQL
WEB DEVELOPMENT - HTML , CSS, PHP - Web Application Development - Frontend & Backend Fundamentals	AI / COMPUTER VISION - OpenCV - Basic AI/ML Concepts - AI-assisted Development - Image Processing	CURRENTLY LEARNING - React.js , GCP , TypeScript - REST API Development - Gen AI & LLM API Integration - ML fundamentals - Laravel	LINKS GitHub: https://github.com/maheena-wan-dev LinkedIn: https://www.linkedin.com/in/maheen-irfan-332353405
